

CONSIDERATIONS FOR IMMEDIATE PUBLIC HEALTH MEASURES AT COMMUNITY LEVEL

Prepared by Dr. Natalie Bocking, Public Health Physician, SLFNHA March 13, 2020

Combia	erations for Community Leadership
	Define what essential service means for your community (e.g. physicians, nurses, key
	infrastructure personnel) and develop a list of all essential services.
	Restrict non-essential travel out of community for band employees (e.g. meetings, conferences,
	etc.).
	Reconsider/ban all large gatherings/events at community level.
	Advise all community membership to limit non-essential travel out of the community.
	Restrict non-essential travel into the community for contracted services (e.g. consultants, etc.).
	Speak to your community about COVID-19 and what is happening. Encourage key messages on
	how to prevent the spread of respiratory illnesses:
	Cover your cough
	 Clean your hands frequently
	 Avoid touching your face
	 Stay home if you are sick
	Review your community emergency response plan and pandemic plan to ensure that key
_	personnel and contact numbers are identified and up to date.
	If your community does not have an emergency response plan or a pandemic plan
	contact Approaches to Community Wellbeing at SLFNHA at 807-737-5189.
	Identify a community-based COVID-19 response team.
	Decide whether alcohol-based hand sanitizer will be allowed in the community and
_	communicate this decision to the Health Director.
	communicate this decision to the freath birector.
